

# FUNCTIONAL MATERIALS TECHNOLOGY KEY ENABLER FOR INDUSTRIAL REVOLUTION

The international Conference on Advances in Functional Materials will held at University California, Los Angles from August 19-22, 2019 sponsored by American Association for Advances in Functional Materials (AAAFM).

## Important Dates

Abstract Submission Due : October 30, 2018

Notification of Acceptance: November 15, 2018

Early Bird Registration Due: December 15, 2018

## PLENARY & KEYNOTE SPEAKERS

**PROF. SHUJI NAKAMURA**

University of California,  
Santa Barbara, USA  
Nobel Laureate

**PROF. ZHONG LIN WANG**

Georgia Institute of  
Technology, USA  
(H-Index 213)

**PROF. YI CUI**

Stanford University,  
USA  
(H-Index 166)

**PROF. CHAD MIRKIN**

Northwestern University,  
USA  
(H-Index 163)

**PROF. NICHOLAS A. KOTOV**

University of Michigan,  
USA  
(H-Index 155)

**PROF. PULICKEL AJAYAN**

Rice University,  
USA  
(H-Index 159)

**PROF. GEOFFREY STEPHEN BEACH**

Massachusetts Institute of  
Technology, USA  
(H-Index 106)

## TECHNICAL SESSION TOPICS

Functional Biomaterials and Biosensors (FBB)  
Functional Composite Materials (FCM)  
Functional Catalysis (FC)  
Functional Materials for Energy Storage and Conversion Devices (FESC)  
Functional Low dimensional, Nano and 2D materials (FLNM)  
Functional Thin Films (FTF)

## AAAFM ADVISORY BOARD MEMBERS

Alan J. Heeger (Nobel Prize for Chemistry, 2000)  
Shuji Nakamura (Nobel Prize in Physics, 2014)  
Miriam Rafailovich (Stony Brook University)  
Yury Gogotsi (DREXEL UNIVERSITY, USA)
