

NANOTEX 2011

INTERNATIONAL EXHIBITION AND CONFERENCES
ON NANOTECHNOLOGIES & ORGANIC ELECTRONICS
HELEXPO CONGRESS CENTER " I. VELLIDIS " THESSALONIKI - GREECE

9-16 | 7 | 2011

nanotechnology...
Big value

Visitors & Delegates' areas of interest

- Large scale Organic Electronics & Photonics
- Micro & Nanoelectronics
- Nanotechnology in Energy & Environment
- NanoFabrication & Nano-Construction
- Metrology, Equipment & Characterization systems
- Nanotechnology in Agriculture & Food
- Nanotextile – Clothing & Fashion
- Nanomedicine
- Nano Biotechnology & Pharmacy
- Business & Venture

Organized by:
HELEXPO
Means Success!

EXPO: from Lab to Market

NANOTEX 2011 Expo

July 11-15, 2011

100 exhibitors

2,000 Trade Visitors from Greece & SE Europe

Special visitor promotion to **Turkey & E. Mediterranean**

Direct access to **specialized markets** for all exhibitors

Various participation & sponsorship **options**, privileged **accommodation**

Save time during the Expo with **Pre-arranged** business meetings, keep your contacts alive with **After-Expo Market**

CONFERENCES

8th International Conference on Nanosciences & Nanotechnologies (NN)

July 12-15, 2011

500 delegates

World Renowned Speakers (Leading Scientists & Industry Experts)

Awards: Best Oral & Poster Presentations

In last year's Conference participants from **35 countries**.

Most presentations of NN10 appeared in the '*J. Materials Science & Engineering B*' and '*Nanomedicine: Nanotechnology, Biology & Medicine*' Journal.

Workshops in the areas of:
W1: Photonics, NanoElectronics & Energy/Environment
W2: Nanomaterials, Nanofabrication & Nanoconstruction
W3: Nanomedicine & Nanobiotechnology

[>> More](#) [>> Contact](#)

4th International Symposium on Flexible Organic Electronics (ISFOE)

July 10-13, 2011

300 delegates

Plenary, Keynote, Oral presentations, round tables, top-level presentations from **EC Project** representatives.

The program includes: Special Sessions on the **Strategy and R&D** in USA, Europe and Asia on OEs and Workshops on OPVs, etc.

Most ISFOE10 presentations appeared in the *European Physical Journal - Applied Physics*.

Main topics: OE materials, Organic /inorganic and hybrid materials & systems, Flexible substrates, Encapsulation methods & materials, Applications in Energy, Lighting, Smart Textile, etc.

SUMMER SCHOOLS

5th International Summer School in N&N (ISSON)

July 9 – 16, 2011

Last year's ISSON10: **50 students** from **15 countries**

ISSON11 Program: Plenary and Parallel Sessions with **mix-and-attend** choices

Who should attend? Under- Graduate and PostGraduate students, PostDoctoral Fellows, Researcher Scientists
Anyone Curious about Nanotechnology

3 days of Lectures & Participation in NN11 & ISFOE Conferences

School 1:N&N (Principles, Nanomaterials, Nanoscale Characterization, Applications)
School 2: Organic Electronics (Materials, Devices, Manufacturing, Applications)
School 3: Nanomedicine (Nanobiotechnology, Nanomedicine, Methods, Applications)

NANOTEX EXPO, JULY 11 - 15, 2011

"Ioannis Vellidis" is the largest Congress Centre in Greece (capacity of 2,400 people). It operates around the year hosting the most-attended events in the region.

NANOTEX 2011 EXPO Participation Options *

Standard booth in Main Exhibition Hall (9 m ²)	2,000 €
DELUXE booth in Main Exhibition Hall (24 m ²)	6,000 – 6,600 €
DELUXE Booth in Special Promotion Area (30 m ²)	9,000 – 9,600 €

* VAT 23% not included

Supported by:

ADDED VALUE SERVICES & BENEFITS

Free Mobile Invitation (all exhibitors may send free of charge personalized invitation to visitors' cell phones)

Pre-arranged business meetings (ExpoPartenariat program)

After-Expo Market (keeping contacts alive until the next event).

All exhibitors can acquire direct access to specialized markets, through HELEXPO's databases.

Privileged accommodation to exhibitors

...and you can combine your participation with holidays in exclusive nearby destinations!
