

Moscow region

17.09.2017- 20.09.2017

Skoltech

Skolkovo Institute of Science and Technology

2nd INTERNATIONAL CONFERENCE OF YOUNG SCIENTISTS ON “TOPICAL PROBLEMS OF MODERN ELECTROCHEMISTRY AND ELECTROCHEMICAL MATERIALS SCIENCE”

Venue: Vozdvizhenskoe park hotel, Moscow region, Russia

CONFERENCE TOPICS:

- Elucidation of thermodynamic and kinetic process in electrode materials for electrochemical energy storage
- Investigation of morphological and microstructural features during charge and discharge
- New approaches for the analysis of electrochemical processes at the electrode/electrolyte interface; development of theoretical modeling and simulation of electrochemical processes
- Synthesis of novel metal-ion electrode materials for advanced storage of electrochemical energy
- Examination of crystal structure and phase transformations for enabling new metal ion electrode assemblies
- New electrolyte systems for advanced metal-ion batteries

Conference fee: 5000 RUB

It includes full participation, conferencematerials, transportation, accommodation, meals, coffee breaks

Registration: fill out the registration form on our website
